

Ventura County Surveyor Mapping Fees for LAFCO Applications

A deposit payable to the Ventura County Surveyor is required to accompany LAFCo applications involving jurisdictional boundary changes (i.e., a change of organization or a reorganization). Charges imposed by the Ventura County Surveyor allow Surveyor staff to review and certify the map(s) and legal description(s) that are included as part of recorded LAFCo certificates of completion, as well as to update permanent city and/or district record files and maps after recordation.

Ventura County Surveyor fees are as follows:

- **\$3,500 for the first parcel** (i.e., discrete area to be annexed and/or detached) involved in a jurisdictional boundary change, AND
- **\$1,500 for each additional parcel**

Please make a check payable to:

Ventura County Public Works Agency – Surveyor’s Section

and include this check (or a copy of other payment arrangements) with the application submittal to LAFCO.

If you have any questions regarding Mapping Fees, please contact:

Alex Mathews at (805) 654-2083 or Dan Walsh at (805) 654-2089
